WORK EXPERIENCE

Fresco Web Services Pvt. Ltd | Mohali, India

December 2021 - September 2023

Sr. Web Developer

- Leveraged WordPress development expertise for the creation, maintenance, and administration of affiliate websites on the WordPress Network (Multisite) platform.
- Demonstrated proficiency in programming with PHP, MySQL, HTML/CSS, JavaScript, jQuery, AJAX, XML/JSON, and 3rd party APIs.
- Programmed and customised WordPress plugins and themes using PHP and WordPress APIs, resulting in tailored solutions that met the needs of clients and end-users.
- Integrated third-party APIs for payment gateways and external services, enabling seamless transactions and enhancing the overall functionality of the web applications.
- Utilised advanced database management techniques, including optimising MySQL queries and designing efficient database schemas, resulting in a 20% improvement in application performance.

Deftsoft Pvt. Ltd | Mohali, India

December 2018 - October 2021

Software Engineer

- Constructed applications on a local/live environment using WordPress running on Linux and Windows operating systems
- Created leading-edge software programs with HTML, CSS, Core PHP, MySQL, and JQuery

- Developed web applications for deployment on frameworks such as Laravel and eCommerce platforms Magento
- Designed and developed a web application using AngularJS, collaborating closely with cross-functional teams to ensure adherence to project timelines and quality standards
- Served as subject matter expert on PHP and JQuery for internal team members

Him Soft Solution | Mohali, India

May 2018 - Nov 2018

Software Developer

- Applied HTML and CSS skills to create visually appealing and intuitive front-end interfaces for web applications.
- Utilised jQuery to implement dynamic and interactive features, enhancing user engagement and experience.
- Demonstrated proficiency in Core PHP and MySQL for backend development, ensuring robust and efficient server-side functionality.

EDUCATION

Lambton College In Toronto

September 2022 - April 2024

Mobile Application Design and Development

- Learned the fundamentals of Java for Android application development and Swift for iOS applications.
- Explored the process of designing and developing mobile apps for both Android and iOS platforms.
- Acquired knowledge in mobile web browser application development.
- Gained insights into mobile testing methodologies and practices.
- Completed a capstone project named "BookIt," a vendor service listing app, implementing it on both Android and iOS platforms, demonstrating practical application of learned skills.

MCM DAV College, Chandigarh, India

July 2014 - May 2017

Bachelor of Science In Computer Application

- Developed a strong foundation in computer science principles, including data structures, algorithms, and software development methodologies.
- Acquired proficiency in programming languages such as Java, C++, and .net, enabling the creation of efficient and scalable applications.
- Studied database management systems, gaining hands-on experience in designing and querying databases using tools like MySQL and SQLite.

CERTIFICATIONS

NetMAX, Chandigarh, India

January 2018 - March 2018

- Completed rigorous Core PHP certification program, demonstrating proficiency in writing efficient, well-structured PHP code following industry best practices.
